---

Date: February 18, 2020  
To: Customers of Copeville Special Utility District (SUD)  
From: Board of Directors

Subject: 2020 Water Rate Notice

Copeville Special Utility District buys all its water from North Texas Municipal Water District. Historically, the cost of water has been increasing by 10+% per year over the last 10+ years. We have been forced to pass along past increases to remain financially viable. This year the cost increase was 2.3%. We do not expect future increases to be this low.

However, due to continued growth, automation, and operational efficiencies, Copeville SUD will be able to absorb the 2020 water rate increase. Your Board of Directors is pleased to inform you that there will **not** be a water rate increase for 2020!

Please be assured that the Board of Directors is committed to providing all customers of the Copeville SUD with safe and dependable water at the most reasonable rates possible. If you have any questions or comments, please contact the district's office at 972-853-4630.

Thank you,

*Darlene Hurth*
